## REPORT OF SUPERINTENDENT OF SCHOOLS

---

*To the Superintending School Committee and Citizens.*

Ladies and Gentlemen:

I herewith submit my third annual report regarding the conditions, needs and progress of the schools of Fairfield.

There is so much that ought to be written for the information of the voters that it is extremely hard to boil down all that should be said in two or three pages allotted me in a town report. I can simply touch on a few of the more important points.

### THE CONGESTION

Every year finds the school department pressed to the utmost to house the pupils. The past few years the congestion has been felt but the coming year will find the buildings inadequate to house the pupils. Part of the eighth grade has this year been housed in the High School Building but with the constant higher yearly enrollment in the High School it will be entirely impossible to have this room for a grade school. The enrollment in the village schools is such that at least two if not three rooms are needed to fill the immediate needs. Just how this congestion can be relieved I do not know except to say that I would heartily recommend that some other quarters be provided to help take care of congestion.

### REPAIRS

The rural schools are now meeting all the requirements of the State Department of Education with the possible exception of one building, the so called Martin Stream School Building. Permission was granted to wait until the summer of 1928 in which to meet such requirement. The rural buildings are now in good condition except the Center and Shawmut buildings which need painting and new roofs. We feel that the unexpended balance in the repairs account can well take care of this repair. Then with an appropria-

tion of \$2500 we feel that we can well take care of all needed repairs for the coming year. So much could and should be said regarding all the repairs done the past three summers that it would take several pages to go into detail. I shall be pleased to answer any question that pertains to this important part of the educational program to anyone at open town meeting or at any time. We heartily invite investigation.

#### BALANCES

We are indeed glad to come to town meeting not only with a balance in the school department as in the past two years of our superintendency but with a balance in every account and some of them with a mighty good balance. Your committee have helped me very much in arriving at this goal.

#### GRADE AND RURAL SCHOOLS

The enrollment in the past has been as follows: Village Schools, 1924-1925—Grade 1, 80; grade 2, 47; grade 3, 56; grade 4, 51; grade 5, 80; grade 6, 53; grade 7, 41; grade 8, 38; 1925-1926—grade 1, 93; grade 2, 49; grade 3, 45; grade 4, 70; grade 5, 82; grade 6, 61; grade 7, 48; grade 8, 41. 1926-1927—grade 1, 98; grade 2, 49; grade 3, 50; grade 4, 41; grade 5, 61; grade 6, 52; grade 7, 61; grade 8, 37; 1927-1928—grade 1, 74; grade 2, 44; grade 3, 52; grade 4, 48; grade 5, 38; grade 6, 80; grade 7, 52; grade 8, 55. Rural Schools 1927—1928—Shawmut Primary, 34; Shawmut Grammar, 25; Nye's Corner, 18; Hinckley, 21; Covell, 13; North Fairfield, 17; Larone, 9; Ten Lots, 26; Martin Stream, 7; Center Primary, 27; Center Grammar, 26.

#### HIGH SCHOOL

We have had a very good year thus far in the High School. The enrollment has been higher than ever before and we feel that the enrollment will be higher the coming year filling the building to its utmost capacity.

The Principal, Mr. Bryant, has been found to be a very good leader, cooperating in all ways, striving to keep "The Lawrence Standard" as in days of old. Our high school is fast growing better under his leadership and we feel that

with a good corps of teachers given him that we shall have opportunity to hear from Lawrence.

#### SCHOOL NURSE

We are indeed glad that Fairfield has again a school nurse. Too much cannot be said along this line for is it not working hand in hand to look after the physical body as well as the child mind! We hope and trust that Fairfield may be fortunate in having a health nurse for a long time to come.

#### IN GENERAL

There are many things that I ought to write in a town report. I cannot but give a general outline as space is lacking. Again, as stated before, I shall be indeed glad to answer any questions pertaining to the schools.

I now refer you to the financial statement which follows.
